SUMMARY

Frontend Developer with over 5 years of experience and a solid technical foundation in React and TypeScript, applying TDD with Jest and React Testing Library, and lightweightDDD principles for domain, business logic, and presentation separation. I stand out for my analytical ability to solve complex problems and a proactive approach towards continuous improvement. I have proven experience leading CMS projects and coordinating with multidisciplinary teams, always with a commitment to responsibility, efficiency, and a positive attitude.

EXPERIENCE

Front End Developer - Leadtech Group

(08/2020 - 12/2025, Barcelona)

- Frontend application development using React and Next.js.
- Application of TDD with Jest and React Testing Library.
- Implementation of lightweightDDD principles for domain separation, business logic, and presentation layer.

Distribution Planning Manager - Mondelez International

(11/2017 - 06/2019, Montornès del Vallès)

- Managed medium and long-term material forecasts with suppliers, collaborating with key stakeholders to ensure commercial flexibility.
- Monitored contract coverage to ensure material supply aligned with the company's stock objectives.
- Identified risks and opportunities within supply plans.
- Managed client relationships, including regular follow-up meetings and calls for KPI consolidation.

Project & Operations Manager - Logisfashion S.A

(06/2017 - 11/2017, Santa Maria de Palautordera)

- Coordinated projects, leading technical activities and motivating local teams to meet objectives, deadlines, and resource optimization.
- Collaborated on continuous improvement processes, disseminating procedures and best practices across all logistics centres/warehouses.
- Identified new operational improvement opportunities.

Distribution Planning Junior Manager - MANGO

(07/2016 - 06/2017, Palau-Solità i Plegamans)

Quality & Risk Prevention Internship - Danone Waters

(03/2016 - 06/2016, Barcelona)
